

## Summary for children and young people

Name: Jamia Al-Hudaa (Muslim School - Girls)

URN: SC002270

Date of inspection: 25 May 2021

Hello,

My name is Amanda. I am an Inspector with Ofsted, and I recently visited and inspected your boarding school with Jo and Catherine.

We would like to thank you all for making us very welcome. It was a pleasure to meet with you.

We read the surveys which you sent to Ofsted. They were very valuable in helping us with our inspection. Many of you had very positive views about your care and support.

There were some parts of the boarding experience which some of you do not like. We talked about these issues with managers and supervisors. They recognise some of the difficulties with boarding life and have plans to improve the provision.

The managers and staff work hard to keep you safe. It has been hard for you all through the pandemic. You should feel very proud for keeping yourself and others safe.

We have judged the boarding provision to be **good**.

This is because: -

- Your safety and welfare are at the centre of the school's work
- Boarding provision continues to improve
- Parents and professionals feel that you progress and are happy at the boarding provision
- You are making good progress in all areas of your lives. You can feel proud of your achievements.

We have asked the staff team to put plans in place for you to enjoy a range of trips and activities as the government lifts the current restrictions.

We would encourage you to share information with the independent listeners that are available to you and with Trustees when they are visiting the school.

Well done with your studies and best wishes for the future.

We will send the report through to the home. Staff will be able to provide you with a copy if you wish to read it. If you have any questions or wish to speak to me, or another inspector, please ring 0300 1231231.

Thank you

Amanda Ellis,  
Social Care Regulatory Inspector
