

30 October 2020
Ref: Tier 3 - Update

Dear parents/carers,

Alhamdu Lillah, we have been blessed and fortunate that we have been able to continue the journey of teaching and learning at Jamia Al-Hudaa during these difficult circumstances. We begin by praying that Allah (swt) continues to protect all of our family and friends and allows us to continue to the best we can. Aameen. We are very proud and grateful after witnessing the positive attitude, resilience and commitment shown by everyone in our Jamia family and we need to maintain this throughout these testing times.

Tier 3 Changes

Many parents have been concerned and we thought it would be better to send an official update in regards to any changes the recent tier 3 announcement may have caused.

After consultation and in light of the new tier 3 status (for 28 days), we want to add further guidance and advice;

- Visits or weekend breaks should only take place for very important reasons and avoided where possible.
- Parents should request permission and state the following in an email to secretary@jamiaalhudaa.com;
- Name of student, class and reason why a weekend break/visit is urgent and vital.
- This will help us all to consider and limit as much as possible in order to reduce the risk of covid-19.

Previous Guidance Reminder

We understand the need for a break and the mental well-being of our students and that is why we initially allowed the weekend breaks & visits to continue without much restriction.

A reminder for the previous advice since the reopening of Jamia;

- Students to stay in Jamia over the weekends as much as possible.
- Anyone departing or arriving needs to use the online sign in and sign out forms
- Social distancing must be adhered to
- Face coverings must be worn at all times
- Parents/carers not allowed into Jamia when visiting or collecting
- Anyone with symptoms (continuous cough, fever, loss of taste or smell) should not visit or return to Jamia without testing/isolation as per latest government guidance.
