

## **ACCEPTABLE USE AGREEMENT (Student)**

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

### **This Acceptable Use Policy is intended to ensure:**

- that young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.
- that Jamia's systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.

Jamia Al-Hudaa will try to ensure that students will have good access to digital technologies to enhance their learning and will, in return, expect the students to agree to be responsible users.

This policy applies to any device in the Jamia. It applies across the whole network and includes WiFi.

Jamia Al-Hudaa carries out secure content inspection (SSL inspection). This means that when you access a site that uses techniques to secure the information between the website and yourself, Jamia Al-Hudaa can read the information and remove inappropriate content or prevent access to the material. Excluded from this inspection are sites that contain sensitive financial information, including banks and payment systems.

Your activity on the internet is closely monitored by the Jamia, logs are kept of activity, whether on a Jamia device or using your own device through the Jamia Wi-Fi. These logs include who is accessing what material for how long from which device.

The Jamia email system is provided for educational and business purposes, where required the Jamia has the ability to access your Jamia email, for safeguarding purposes and should a management requirement necessitate it.
